This place is a hidden gem. It seems like just a hole in a wall catering to a very small crowd, but the food here is excellent. Very flavorful and always seasoned beautifully. I always judge a place by their penne vodka because its such a basic recipe and hard to mess up, and their penne is DELICIOUS. They just started appearing on grubhub as well, so I'm excited to order more from them. [read more](#). What [Robert S](#) doesn't like about Tapa's And Grill:

The sad part is I expected it to better. I've eaten better Alfredo at pizzerias. The chicken had no flavor unless you can consider cardboard a flavor, portion was small for the price and more importantly, the price of the Alfredo fettuccine with chicken on their website said \$12.95, when I picked it up, it was \$18.76. If it was worth it for that price, fine, but it's not worth more than \$7.00. [read more](#). If you're desiring some **zesty South American cuisine**, you've come to the right place: delightful menus, roasted with **fish**, **seafood**, and **meat**, though corn, beans, and potatoes are also on the menu, and you can enjoy here scrumptious American meals like Burger or Barbecue. At the bar, you can still relax after the meal (or during it) with an alcoholic or non-alcoholic drink, Particularly with the bite-sized, Tapas you can't do anything wrong, because there is something for every palate.
