Shangri La is a Chinese restaurant that has garnered mixed reviews from customers. While some have praised the fantastic food and friendly staff, others have had disappointing experiences with online orders and food quality. The Family Dinner for Two was a letdown for one customer, who did not enjoy the breaded sweet and sour chicken. However, another diner loved the fried chicken and sweet n' sour soup, calling them the best in town. The orange lemon chicken special was a hit, but a different person found the hot and sour soup to be starchy. Despite some negative feedback, many customers raved about the delicious food and efficient staff at Shangri La, recommending dishes like Mongolian chicken and General Tso chicken.
