What [User](#) likes about Ollie's Ice Cream Stuff:

this is the sweetest little ice cream shop! super nice staff and the ice was fantastic. I have the golden biscuit pie taste and surprisingly was not too sweet! this place is made for taking her ice cream togo, but no worries they are so close to maria hernandez park that they go, take her ice and find her a place there! excited to go back and get more ice and check out the old school bonbons at the walls. Cream Stuff:

I enjoyed the ice cream, I got a good size in portion and the ice cream alone was just creamy. but I'm not a big fan in the price; I mean, shops have to make some profit. but I would sincerely get the marketed ice cream on which they store and get more of my money. [read more](#).
