On this homepage, you will find the **complete menu** of Perkins Bakery from Madison. Currently, there are **14** menus and drinks available. The restaurant offers a blend of commendable dishes and service hiccups. Many patrons enjoy the flavorful meals, with particular praise for the All Skillet and breakfast options. However, there are frequent concerns about service inefficiencies, with reports of long waits, incorrect orders, and inattentive staff. While some servers shine with their friendliness and professionalism, others fall short, impacting the overall dining experience. Cleanliness and bathroom maintenance have raised red flags too. Despite these inconsistencies, loyal customers appreciate the restaurant's atmosphere and manageable wait times. It's a place filled with potential, awaiting improvements in service and attention to detail.
