Whataburger is almost always a hit, but recently it felt as the articles are heavily overpriced. In this special case, I paid over \$16 for a combo and shake. Sure what I ordered was delicious, but I could have thrived to a decent restaurant for this price. When you visit Whataburger, you expect to pay more than \$10 per person. You can go wrong with nothing on the menu, but your wallet will be a toll. [read more](#).
