What [User](#) doesn't like about Panzerotti Bites: \$8 for a little piece of dough with nothing inside???? I'll go on in the future. I fried an order today, the classic. With taxes over \$8. It has almost no filling, only the last bite I got a tiny piece of cheese and sauce. It would have got a 4 based on taste, but for the ingredient quantity that was nothing this should have been \$2. Including an image that is difficult to see, but it is COMPLETELY hollow with a bit of sauce in the back. Very disappointed. Are you looking for [sweets](#)?
