Here you can find the [menu](#) of **The Refuge** in [Melville](#). At the moment, there are **15** menus and drinks on the menu. Nestled within a corporate park, this restaurant caters primarily to office events, boasting a vegan menu that many find underwhelming for its price. Diners have noted the loud atmosphere, which can hinder conversation, while service tends to be inconsistent. Though some dishes, like the sweet pea ravioli and meatballs, received praise for flavor, others were criticized for blandness and small portions. Despite offering a pleasant décor and a few standout items, the lack of vegan appetizers and desserts limits its appeal as a go-to vegan destination. Overall, the restaurant may be better suited for special occasions than casual dining.
