I eat the chicken biscuit combo for breakfast. The chicken is much larger than other fast food restaurants....which I love! The chicken is also nice and crunchy and crispy. The hash browns are just like chick fila hash browns in the shape and size. Hardee's also has very big sauce cups which is a plus because you only need about 1 instead of 2 or 3 like everywhere else. read more. What User doesn't like about Hardee's:
Hardee's itself has great food but its all in the prep and service. I received warm fries and chicken straps that were not fresh or hot. Could be so much better. read more.
