The place from Ventura offers 11 different **dishes and drinks on [the card](#)** at an average \$11.5. What [User](#) likes about Poke Rainbow:

the best place in the city! a little on the expensive side, but it is worthwhile for the portion size and high quality of the ingredients. they do not shy here and give them undersized creatures like many other places lately.

absolutely worth the money! also the personal is super friendly and ingenious, they seem like they really like to work here. [read more](#). The restaurant is accessible and can therefore also be used with a wheelchair or physical limitations. What [User](#) doesn't like about Poke Rainbow:

I dunno kinda weak for poke. Ordered "everything" for toppings. It doesn't feel like "everything". The presentation was sloppy. The Grubhub menu was also very sloppily put together. Overall kinda sloppy, especially for the price. [read more](#).

For guests of the establishment, the catering service is also available, and you can look forward to the tasty typical [seafood](#) cuisine. The *Asian fusion cuisine* is likewise an important part of Poke Rainbow. Anyone who finds the everyday and generally known dishes too boring can here approach with a willingness to experiment and try some exciting combination of ingredients taste, and a lot of freshly harvested vegetables, fish and meat are used to prepare **easily digestible Japanese dishes**.
