User likes about Hong Kong:

We had a very good experience and food was yummy. Their chicken nuggets in appetizers was fresh and juicy. Hong Kong special fried rice and the spicy curry fried rice was good except the chicken was little bit over done and was hard. Their prizes was reasonable and the food was worth for it. The only thing is the owner is kind of rude may be her nature too if she is bit friendly she might get even more customers. [read more](#). What User

doesn't like about Hong Kong:

I ordered a small shrimp fried rice and two egg rolls. I've been here several times before with okay service. This was horrible, the rice grain, much smaller than before, shrimp as well. The egg rolls were half the size as before. Rice tasted horrible, I threw it all in the trash. And to make it even worse I had an egg shell in the rice. I will Not go back. [read more](#).
