This location does not always add the pure in their drinks, even if you ask for double. Always check before you leave! Apart from that, super nice customer service. [read more](#). The diner is accessible and can therefore also be used with a wheelchair or physical limitations. What [User](#) doesn't like about Swig:

I hate the design of their drive thru. it is jammed right next to the dominios car thru and in order not to block it or people out of the swing drive thru, they must sit on the parking track, no matter what they are away in someone. With the extensive selection of *coffee and tea specialties*, a visit to Swig becomes even more attractive, here they serve a comprehensive brunch in the morning. In the local, there is a comprehensive selection of scrumptious and fresh **juices** provided, You can also discover nice **South American** meals in the menu.
