the Irish breakfast and construction club became delish! our waitress was great too. I always wanted to try this place, and I came back in definitiw! the prices were also reasonable! [read more](#). In nice weather you can even eat and drink in the outdoor area. What [James McElroy](#) doesn't like about McIntyre's Pub:

Haven't been here since it moved from the Kmart plaza location. First thing bartender says is someone will get to you eventually. Wasn't sure if she was trying to be funny or serious as it didn't seem real busy. For an Irish pub, there wasn't much Irish food being offered, I had a cheeseburger with French fries. Nothing special. Probably won't be back. [read more](#). If you're desiring some **spicy South American cuisine**, you've come to the right place: exquisite dishes, prepared with **fish, seafood, and meat**, though corn, beans, and potatoes are also in the menu, The guests of the restaurant also consider the extensive selection of various coffee and tea specialities that the establishment offers. Of course, the right drink to accompany a meal is a must; for this purpose, this *gastropub* offers you a wide diversity of fine, regional alcoholic beverages like beer or wine, and you can look forward to the fine classic seafood cuisine.
