On this website, you will find the **complete menu** of **Rocket National Buffet** from [Alamogordo](#). Currently, there are **14** dishes and drinks available. Rocket City serves as a nostalgic nod to traditional Chinese cuisine, offering a charming family-run atmosphere. While many patrons rave about the fresh and delicious food, with some declaring it the best they've had in years, others have experienced disappointing meals marked by bland flavors and inconsistent quality. Notably, the fried rice has raised eyebrows due to its unique, yellowish hue. Though the menu is limited and lacks some classic favorites, most agree that the overall experience remains decent. With a focus on takeout, Rocket City is worth a visit for those seeking comfort food in a welcoming environment.
