What [Shawn Tolbert](#) likes about Charcoal Chicken:

Absolutely delicious. And the atmosphere was cutely decorated. This place is a hidden gem, and I've lived two blocks away for a year. I played it simple, I just got the chicken w/rice and beans, which, was a shame because I'm usually looking for the hottest thing on the menu. However, I'm getting over the stomach flu so I didn't want to get anything too spicy or, even, flavorful. But I'll be back to try more dishes. [read more](#). The premises in the restaurant are wheelchair accessible and can also be used with a wheelchair or physiological limitations, Depending on the weather, you can also sit outside and have something. What [ARIANNA M](#) doesn't like about

Charcoal Chicken:

there food is I will never eat at this place ever again! I spent \$50 on food that smelt and tasted terrible! it was rotten chicken like it was cooked days ago! I would not recommend eating there at all! I should have known better when I seen that no one was even in there eating when I went! This place should be shut down!
