What [Ricky B](#) likes about Urban Bricks:

1st time. Received a VALPAK coupon, pizza sounded good, so we tried it out. Ordered online, lots of choices and the site is easy to use. Ordered a Three Little Pigs pizza and Build Your Own along with some cheesy bread. My wife picked it up. She called as soon as she left the store to tell me it was very busy, but the staff was very friendly. She also said that even though they were extremely busy they took the time to make each pizza with care. It might sound silly but I worked in a pizza restaurant for 5 years while in school so I appreciate the effort.

The pizzas that she arrived with looked terrific and more importantly everything was delicious. Big fan. This is now my go to pizza shop. Ricky B. As a guest, you can use the WiFi of the restaurant at no extra cost, And into the accessible rooms also come customers with wheelchairs or physiological disabilities. What [Celina G](#) doesn't
