What [User](#) likes about Las Delicias: really ingenious place for tacos and tamales. we haven't tried any other escapes. super organized and super clean and nice staff. we loved lamb tacos. beautiful that we finally found streettacos! [read more](#). What [User](#) doesn't like about Las Delicias:

they call that Mexican food the truth is I don't like it the food tastes disgusting I'm a professional Latin food taster and that's not healthy food I'm disappointed I wouldn't give it even one star I'll never eat in that place again also the exaggerated prices don't make up for the green sauce does not taste like sauce the taco meat is a piece of meat it is not meat to consume [read more](#). In case you're craving some *seasoned South American cuisine*, you're in the right place: tasty dishes, roasted with fish, seafood, and meat, but also corn, beans, and potatoes are on the menu, and you can enjoy here scrumptious American meals like Burger or Barbecue. Even the **versatile, tasty [Mexican](#) cuisine**, traditionally cooked with corn, beans and chili, is very popular with the guests.
