What [User](#) likes about The Yard Milkshake: only one option for vegan esser, but the not milk tasted like milk versions. it was a tasty bite to get ice cream, that was milk free and fantasies. it's expensive, but we share it and we had more than enough. a must stop on a holiday trip! I am very grateful that they have a vegan option. However, they only have any chocolate ice cream options and this is not really my thing. the non-milk is the only fancy vegan option and with control it is over \$20, definitiw not worth it. if you go for the experience that I get. but that's all that's good for.
