One of my favorite places for a satisfying meal. I look for a ?Zoup!? first while I am traveling. This one was as good as the others. A lively and smiling soul named ?Claire? made the visit even more worthwhile because of her warmth and energy. [read more](#). The restaurant offers free WLAN for its guests. What [User](#) doesn't like about Zoup!:

\$22 for soup and a sandwich?? Mostly, combos should be cheaper, but the Pick 2 combo comes with an 8oz soup and sandwich for \$22. However, if you buy them separately and get a 12oz. Soup with a sandwich? How does that make sense? Absolutely not. It's not even good, it's not worth the price unless they get Gordon Ramsey back or something lmao. I could make 5 high quality sandwiches with a large pot of soup for this price.

Just stay home. The catering service is also provided by the restaurant for its guests, The guests of the restaurant also appreciate the large selection of various coffee and tea specialities that the restaurant has to offer. Sometimes you may not want to eat a lot, in this case one of the tasty sandwiches, a small salad or another snack is just right, There are also tasty *South American* cuisine on the menu.
