What [User](#) likes about Jd's Pub Grill:

The wings are good. The drinks are good. It took a while for my food job. All from the staff to the patrons were friendly. Definitely a good place for locals and regulars. The music played in the bar only comes from the jukebox, so be ready to feed it if you want to hear something. Also you will get a number of oldies and current pop. [read more](#). What [User](#) doesn't like about Jd's Pub Grill:

1st time eating there.... Wifey was bragging on the wings so we was on that side of town and stopped in. Overall food was very good and i would definitely get food to go!!! As for service... not that good !!! Our server was a lil busy but i believe she spent way to much time focused on other things people which made her not to worried about how long she was taking to revisit our table to 1. get our food to us 2. see if we were ready for more drinks 3. bring our check after we asked 4. finally come pick up our payment... also wasnt sure if it was her or the ppl next to us that smelled LOUD !! either way properly wont be back for in house eating and drinking but will remain getting ours TO GO. During meals, a refreshing drink is essential. In this **gastropub**, you will find not only delectable menus, but also a large and comprehensive diversity of good beers and other alcoholic drinks that compliment the food, Here, the meat is freshly **prepared** on an open flame. You have the option to, after the meal (or during it), still relax at the bar with an alcoholic or non-alcoholic drink.
