Not lying, I had some good sushi roles in my life, but this place definitely makes the podium for the most delicious. We were welcomed when we came in and given the time to make our food decisions. [read more](#). The diner is accessible and can therefore also be used with a wheelchair or physical disabilities. What [Aimee H](#) doesn't like about Mr. [Sushi](#) Express:

All of the sushi rolls completely fell apart! It was very disappointing. Mr. Sushi also provided the tiniest amount of wasabi and soy sauce. We ended up eating most of the [sushi](#) rolls dry. The flavor of the food was good overall but the experience was quite poor. Would not recommend. [read more](#). An additional service offered by the restaurant is the **catering service** for guests, tasty particularly are the *Sushi* and delicacies like *Te-Maki* that this place is known for. In this locale there is also an comprehensive variety of coffee and tea specialties not to forget, and it's made with lots of freshly harvested vegetables, fish and meat, **healthy Japanese menus** cooked.
