The food came out quickly, I barely came back because I was washing my hands and she was looking for me. The food was hot and the vegetables were crisp. Good food, but not amazing... almost as if there was something missing. I added a lot of pepper, salt and lemon. Overall for 2 kebabs, 2 sides and sauce was 10.50 something. The staff was nice! read more. You can use the WiFi of the restaurant at no extra cost. If you're desiring some **spicy South American cuisine**, you've come to the right place: delicious dishes, cooked with fish, seafood, and meat, though corn, beans, and potatoes are also in the menu, guests repeatedly praise the fine, light flatbread that can be dipped into the self-made hummus or a yoghurt dip; the unusual combination of figs and goat cheese is among the hits from the diverse culinary landscape of the Middle East. Moreover, there are tasty American dishes, such as **burgers and grilled meat**, the menu also includes delectable vegetarian menus.
