What User likes about Ramen Naruto:

I feel tender as if they had changed a bit since my first visit years ago and honestly at this point I would go here to watch Naruto and eat ramen while I do, but I feel like the hype has not yet disappeared. I really love this place back when it ever visits my first Rammen shops. read more. The customers love it when Asian cuisine meets a bit of creativity. That's exactly what you can expect at the Ramen Naruto from Azusa, with its **unconventional Asian fusion cuisine** - the right mix of traditional meets the adventurous world of fusion cuisine, on the menu there are also a lot of Asian menus. Ramen Naruto focuses on a lot of fresh vegetables, fish and meat in its *easily digestible Japanese cuisine*.
