They have Quail on the menu, but when I asked, they obviously don't have Quail. I had to calm down on a taco.

An asymmetric air vent. 2/3 of the restaurant atmosphere looks like. After returning, I got the best Quail ever, definitely an upgrade to 4/5 worth) [read more](#). The place also offers the possibility to sit outside and eat and drink in pleasant weather. Look forward to the diverse, delicious Mexican cuisine, traditionally prepared with corn, beans and chilies (hot peppers), Furthermore, the drinks list in this restaurant is impressive and offers a good and comprehensive variety of beers from the area and from worldwide, which are definitely worth a try. After the meal (or during it), you have the opportunity to also relax at the bar with a **alcoholic or non-alcoholic drink**.
