First time there for NYE and had a great time. The restaurant has a modern and chic look to it. It was also decorated for the holiday. The hostess was dressed beautiful for the occasion and had great energy. Miguel was our waiter. He was a sweetheart. He was on top of the dishes and wine our table ordered. The food was delicious. My thanks to the kitchen. Definitely check this place out. Great Italian food. [read more](#). The restaurant also offers the possibility to sit outside and eat in beautiful weather. For those who want to **have a drink after work** and hang out with friends, Giorgione from New York is a good bar. Moreover, the *enchanting desserts* of the house shine not only in the eyes of our little guests. Additionally, there are also easy to digest **Mediterranean meals** on the menu. You shouldn't miss the opportunity to try the crispy and crunchy pizza, baked straight out of the oven in an traditional manner.
