The restaurant from Noblesville offers **10** different *menus and drinks* on [the menu](#) at an average \$8.0. What [User](#) likes about Tijuana Flats Fishers:

Great Mexican with fresh ingredients. The hot sauce bar gives you plenty of heat to add and the unique atmosphere and art on the wall all add the experience. Good deal for the price. Very friendly [read more](#). In beautiful weather you can even eat and drink in the outdoor area. What [User](#) doesn't like about Tijuana Flats Fishers:

This place is like taco bell but just costs a little bit more is all. They seem like they pride themselves on having a variety of hot sauces and cheese on everything. I doubt the actual owners even taste the food they serve the customers. Better off going to red habeneros instead. [read more](#). For visitors of the establishment, the **catering service** is also available.
