Amazing place! Had never tried senegalese food before, so I can't judge authenticity, but the food was really tasty! I got the Mafe (a peanut based stew) with akara (a vegetarian bean fritter) and fufu, it was rich and flavorful. Also tried a bit of my friend's Yassa (a caramelized onion stew) that was absolutely delicious as well.

Would highly recommend! [read more](#). What [User](#) doesn't like about Bissap Baobab Sf:

It took about an hour to get our food. The food was decent. Some parts were tasty but overall underwhelming. Very loud restaurant. Sadly we don't recommend this place. [read more](#). Bissap Baobab Sf from San Francisc is a suitable bar to **a drink after work**, and hang out with friends, Also, the drinks menu at this place is exceptional and offers a significant and varied variety of both local and international beers, which are definitely worth a try.

You can also look forward to **delicious vegetarian cuisine**.
