We travel a lot due to family, business and vacationing in new destinations. One of the things I love to do is try new sushi restaurants, so this kind of random stop is nothing new. Their sushi is the best I've had in long, long time (possibly ever). Beautiful presentation, great options, and fresh clean flavor. My husband ordered the General Tso's chicken and it was pretty awesome too. The service was great and the... [read more](#). When the weather conditions is nice you can also eat outside, And into the accessible spaces also come customers with wheelchairs or physiological limitations. WLAN is available without additional charges. The restaurant also offers its visitors a catering service, Particularly fine are also the Sashimi and delicacies like **Te-Maki** from this establishment. fresh vegetables, fish and meat are the main ingredients in the healthy Japanese cuisine of Sakura Japanese, Furthermore, the guests love the inventive combination of different dishes with new and partially experimental products - a good example of successful Asian Fusion.
