What User likes about The Italian Place: my family cannot get enough of this place. yummm. the subs are top notch (but this is bc the only thing we have tried so far). of a person who used to live in italy, this place has the passion, high-quality ingredients and kitchen knowledge that imitate to an Italian nonna kitchen. Numbers read more. The restaurant and its premises are wheelchair accessible and thus reachable with a wheelchair or physiological disabilities, Depending on the weather conditions, you can also sit outside and have something. What T B doesn't like about The Italian Place: I was really disappointed with this!!! Ordered subs , they had no flavour . So over priced , more bread then meat. I can go to Wegmans and order a massive foot long for the same price and it's 2x the size. I wanted to give this place a benefit of the doubt , since reading other reviews. But very disappointing read more.
