2 orders of 2 peace catfish and this is the amount of friehguess you for ketchup because they certainly don't offer it. This is America, we shouldn't have to ask for ketchup with our fries, no plastic ware to eat, not even chop sticks. No bread! No biscuit! No jalapeño! Will the owners please go to the nearest Lisa's Chicken and see how real food and portions are presented?! For a better price also!. At Pho Em from Mansfield you can [try delicious vegetarian menus](#), in which no animal meat or fish was used, and you may look forward to the delicious traditional seafood cuisine. It's precisely the freshness and lightness paired with the original Vietnamese spices that not only brings delectable menus to the table, but also puts the guests into a pleasant holiday feeling temporarily, The successful fusion of different dishes with fresh and occasionally daring ingredients is highly valued by the customers - a nice example of Asian Fusion.
