A **complete [menu](#) of Berix** from St. Louis covering all **20** courses and drinks can be found here on the food list. Nestled in a prime location, this restaurant offers a unique take on Bosnian cuisine, featuring delights such as cevapa and burek. However, recent feedback highlights inconsistent service and food quality. Diners report long wait times, rude staff interactions, and concerns over hygiene, particularly regarding meat preparation. While some patrons rave about the friendly service and delicious pastries, others express disappointment over increased prices and unsatisfactory dining conditions. Although the atmosphere is generally pleasant, lingering issues surrounding service and food safety overshadow its potential, leaving customers divided on whether to return. Proceed with caution if you're tempted!.
