I had vegan pizza at least 4 different places in houston and this is the best. They have a veggie pizza that they can get with daiya or they can make themselves. and they have vegan soyrimo, this is great! that wait is a little long if they just go to the truck or if they get it delivered so their best bet would be likely to call it and then pick it up. If it were closer to me, I would eat there all the time. [read more](#). When the weather is good you can also eat and drink outside. What [User](#) doesn't like about Flakey's Pizza Food Truck:

this review is back from a past. I enjoyed the vegan [pizza](#) I had from flakey's, but the location is now uncomfortable for me (and I'm going to pink's pizza instead) they have Daiya cheese when they want it, what is great! I enjoyed this pizza, even if it was from a truck in the middle of nowhere. [read more](#). In case you're craving some fiery South American cuisine, you're in the right place: delicious menus, prepared with fish, seafood, and meat, but also *corn, beans, and potatoes* are on the menu, and you have the opportunity to try delicious American meals like Burger or Barbecue. Of course, there's also tasty pizza, baked straight from the oven according to traditional recipes, and you will find classic **Italian cuisine** with classics like pizza and pasta.
