What [User](#) likes about Mexican Inn Cafes: Beautiful place with fantastic staff! They were so courteous when Panther Island sent us for a thunderstorm. So many people come in a short time. The food was great. The chicken and rice, which is marked as a favourite on the menu, is definitely worth it. I love it! The Quest-Loco was like that. Kudos go to the little staff that was overcome with Diners! [read more](#). What [User](#) doesn't like about Mexican Inn Cafes: I decided to give this location a try and was a bit disappointed. While the waitress was very nice, service was VERY slow. The location is dirty and needs a deep cleaning. There were bugs flying around in swarms so I ended up covering up my food, getting a to-go box and eating in the parking lot! The chips were very hard and not as fresh tasting as the other locations. The save was that my entr ee was DELICIOUS!!! [read more](#). It's definitely always an experience to be in a *typical saloon* and to consume; to feel like a cowboy for once with a beer and also the finger food like crispy fries, onion rings or a delicious burger, Likewise, the visitors of the restaurant prefer the extensive selection of differing coffee and tea specialities that the establishment provides. The visitors also appreciate the **versatile, delicious [Mexican](#) cuisine**, whose traditional dishes are prepared with corn, beans and spicy chilies.
