We ordered from this place for the first time in the other night, since we eaten pizza and that meets the place. We have a large Stella's Garlic Combo pizza and a side garlic bread. The delivery did not last long and the pizza was very tasteful. We even had enough leftovers for a second meal. We really want to try their other special pizzas, as some seem to have some very interesting combinations of toppings. [read more](#). What [User](#) doesn't like about Boss Pizza Chicken:

Honestly, the pizza was pretty good. I'm GF so that was good. Unfortunately. They missed the mushrooms on the pizza and the salsa dressing for the salad. Not the best at 11:30 pm after driving 700 miles and being starving. But hey, they delivered late night. [read more](#).
