What [User](#) doesn't like about Cheddar's Scratch Kitchen:

0 stars if that were an option. I waited over an hour for the second entree that never came!! The server brought one entree to the table, but forgot mine. This place used to be good with good service. I'm not sure what happened. The restaurant was empty, so I'm not sure what the problem was. During a meal, a good drink is essential. In this **gastropub**, you not only get delicious meals from the menu but also a comprehensive and particularly good variety of good beers and other alcoholic beverages that go well with the food, It's possible to chill out at the bar with a freshly tapped beer or other alcoholic and non-alcoholic drinks. Sometimes you may not want to eat a lot, in this case one of the tasty sandwiches, a healthy salad or another snack is just right.
