the food was awesome!! we enjoyed every minute of it, i got a lamb gyro, my mom got the spanakopita and greek meatball gyro, it was a misprint on the menu but of my gosh was it good, we recommend getting both in it. my brother got the greek lasagna he said it was totally worth it. we each wanted the greek fries but didn't want the shareable, the server was nice enough to put tzatiki and feta on it, she was great. The restaurant also offers the possibility to sit outside and have something in nice weather, And into the accessible spaces also come visitors with wheelchairs or physiological limitations. WiFi is available at no extra cost. What [Lyle Penley](#) doesn't like about The High Country Greek:

I would normally give a 5 star, but todays take out had me drop rating due to the salad. Lots of pieces of brown lettuce in both our orders and did not taster very fresh. The gyro was very good as always, just please use fresher lettuce in your salads, whether dine in or take out. If we had dined in, we would have asked for a new salad. Otherwise, food has been very good in the past. Thanks! [read more](#). An additional service offered by the restaurant is the catering service for visitors, The **sugar-sweet** desserts of the establishment also shine not only on children's plates and in children's eyes. The restaurant also provides **Greek specialties** like Gyros and Souvlaki with the matching sides.
