Incredible Detroit-style pizza that's absolutely worth the price. My only issue is that we ordered the Motown pizza with mushrooms instead of pepperoni, but we ended up just getting a cheese pizza with mushrooms (sad bc my pal and I were excited to try their hot honey). Their regular pizzas are also good, but skip the fougase bread, it's just pizza dough and a bit flavorless. Their beers are amazing, tho (the names make me giggle every time), and it's a nice atmosphere in the brewery. Absolutely worth driving up from Muncie to get pizza and beer here. Vegetarian options: Not a ton of vegetarian options, but you can ask for a pizza without the meat or build your own. The restaurant also offers the possibility to sit outside and be served in nice weather, And into the accessible spaces also come clientele with wheelchairs or physical disabilities. What [MD Richter](#) doesn't like about Bad Dad Brewing Co.:

No menu options if you have gluten allergy. Service was fantastic. Was told could not add anything to the salad for gluten free guest, sorry can't modify. Nice looking place and good service. Others in party really like the pizza.

There are plenty of things on the menu to make modifications. How about...I'll have these toppings...hold the crust. Dietary restrictions: Not so much. No gluten free options. [read more](#).
