eating is good. but when we went on a Sunday morning, there was a waiting time. not a big thing, but somehow the host has marked us as sitting and called people who came after us. After we protested that we were not sitting, we got a table. I think the hostess just misunderstood our names, so no big thing. Alex the server was great, and eating was good. we come back despite the sleep. read more. What User doesn't like about Ihop:
