The restaurant and its rooms are wheelchair accessible and thus reachable with a wheelchair or physical limitations, and there is complimentary WiFi. What

[Kristina L](#) doesn't like about Po Chicken:

They gave me mostly drumsticks (which I don't eat drums, only flats) so I only got to eat 3 pieces out of the 7. The taste is very very mediocre. Bland. Worse than chain KFC. Teokbokki is also peppery hot. Not spicy hot! They put a ton of black pepper in there and it tasted peppery. Not sure how this place stays in business. Won't be coming back. [read more](#). Fans of **Korean cuisine** are in the right place here: With [Kimchi](#), the most diverse versions, preparations of Bibimbap, Bap, you will also find various, exquisite Jjigae that please the palate, Besides, the creative blend of different meals with new and partially adventurous ingredients is appreciated by the visitors - a beautiful case of Asian Fusion. **The preparation of the dishes is done authentically Asian.**
