What [User](#) likes about Starbucks:

Friendly. Can be hit or miss how fast they are. Some days their fast, but other days they are slower than a turtle. I waited at least 30 minutes on several occasions. Accepts all payment methods and Google, Android and Apple Pay. [read more](#). The restaurant also offers the possibility to sit outside and eat and drink in pleasant weather, And into the accessible rooms also come guests with wheelchairs or physiological limitations. WiFi is available without additional charges. What [Brian Perkins](#) doesn't like about Starbucks:

I so wish you had more power outlets to make this a usable space for working or studying. Almost no power outlets totally prevents this. This almost seems like this Starbucks has outdated technology/ facility. It needs upgrades to make it usable and practical. Also, music was too loud and not suitable music for working or studying. This is blasting hip hop music. Not practical at all. Completely unusable space. [read more](#). In the morning, a opulent brunch is offered at Starbucks in Hermitage that you can sample according to your mood, The visitors of the establishment also appreciate the large variety of various coffee and tea specialities that the establishment has to offer. Apart from simple snacks, sweet pieces and cakes, there are also **cold and hot drinks**.
