Great fulfillment of comfort food. Well done, very tasty and fat. Also fair prices and some very tempting and exotic options on the menu (beef head and beef tongue and some interesting goat body part I don't remember exactly) 49er super burrito was great and fill. I also loved the Salsa Bar! Make sure to add Veggies elsewhere though!

Update: beans and rice were not good and my chorizo was burnt. Won't go back and give my money this time. Still fast service though. Rice not that great but the beans were great definitely on point today. Fast service and employees were always on the move cooking, walking around cleaning or serving. Had the super quesadilla and it was super. Would go back and give them my money. [read more](#).
