I have to say this was surprisingly good for a point I never heard of. I just drove around the city when I saw that this place decided to stop and wow they have some good teriyaki bowls it was delicious. It was quite expensive! The interior of the place was not bad, either they provided a good customer service. [read more](#). As a customer, you can use the WLAN of the establishment free of charge. What [User](#) doesn't like about Ichi Bowl:

Super cute traditional teriyaki restaurant set up. Nice wood tables. Prob the best chicken teriyaki bowl I've ever had! Meat was tender, juicy and the sauce is amazing. Tastes homemade. Love the carrot ginger dressing for the side salad. First time here and will definitely go back! [read more](#). The catering service is also provided by the restaurant for its visitors, On the menu there are also several Asian meals. A lot of freshly harvested vegetables, fish and meat is used in the easily digestible Japanese cuisine of Ichi Bowl, Furthermore, the guests love the creative combination of different menus with new and partially experimental ingredients - a nice example of successful **Asian Fusion**.
