Diamond in the rough! I went to Denny's a lot when I grew up, but when I got older and newer, things came into the area, I didn't have back. At first Denny's is not a 5-star kitchen. It is decent food at a lower price. They met with a friend of mine for lunch and had great service from our waitress. She was an older black woman we could say she had a bad day. However, she was friendly and quick and attentive. My friend and I regularly go there and I hope we have them back. [read more](#). For breakfast, you can enjoy a rich brunch at Denny's, as much as you want, There are also delicious *South American* dishes in the menu. There are also fine American meals, for example, burgers and grilled meat.
