Great service. Very attentive and welcoming. It's a nice restaurant and rooftop is nice and cozy. The food was okay and a bit salty so I couldn't even eat 3rd of it . I didn't complain and still had a pleasant visit. I would go again for an appetizer etc. [read more](#). When the weather conditions is good you can also have something outside. What [Howie Shi](#) doesn't like about Cowboy Jack's:

The place was almost empty, but service was slow. Bartenders seemed distracted from work, drinks were ok but overpriced. Sandwich was lackluster, and some of the gristle was still under cooked. This place has great potential, but sadly misses the mark. With all of the bars and restaurants around, I am surprised this one is still open. Save your time and money, go to the next restaurant or bar in either direction. [read more](#). If you're craving some **zesty South American cuisine**, you've come to the right place: delightful dishes, cooked with fish, seafood, and meat, though **corn, beans, and potatoes** are also in the menu, and you have the opportunity to try fine American meals like Burger or Barbecue. There's also delicious pizza, baked fresh using traditional methods, For a snack, the yummy sandwiches, small salads and other snacks are suitable.
