Side note: the salsa they provide has zero heat so if you're a fan of spice, I highly recommend that you request their 'real' salsa. [read more](#). When the weather conditions are pleasant you can also be served outside. What [Cathy](#)

["TulsaCat"](#) doesn't like about El Patron Cocina Mexicana:

Atmosphere was decent but food and service sub par. My first experience was the same, I only came here because it is where the group was going. Look forward to the diverse, delicious Mexican cuisine, traditionally prepared with corn, beans and chilies (hot peppers), and you may look forward to the tasty classic seafood cuisine. No matter the occasion - a ceremony - the in-house catering makes it easy to enjoy the food from El Patron Cocina Mexicana at home, Spanish cuisines with their spicy savory sauces and spices are popular among the customers.
