During meals, a refreshing drink is essential. In this gastropub, you will find not only exquisite menus, but also a large and comprehensive diversity of good beers and other alcoholic drinks that compliment the food, and *healthy Japanese dishes* are being made with lots of freshly harvested vegetables, fish and meat. At the bar, you can also relax after the meal (or during it) with an **alcoholic or non-alcoholic drink**, The creative fusion of different dishes with fresh and partially daring products is highly valued by the visitors - a nice example of Asian Fusion.
