What [User](#) likes about Tartine:

Top 2 croissants in the US. I was a local at their SF outpost for years and was lucky enough to have one open in LA when I moved here. If not the croissant: savory scone is to die for and heats well; ask for a crispier one. They also can heat them up. Loaves are all good and freeze well if needed. [read more](#). In nice weather you can even have something in the outdoor area, And into the accessible rooms also come guests with wheelchairs or physical disabilities. What [Dave McGuinness](#) doesn't like about Tartine:

Not enough fruit so almost no flavor in seasonal pastry peach-apricot as in photo. Pain au Chocolat is bready and despite two chunks of chocolate had little chocolate flavor. Avocado toast is very good, spicy, on Tartine's fabulous bread that is toasted, crunchy, buttered. \$24/person cost whether coffee with my two pastries or coffee with the omelet or avocado meal. Moreover, there are tasty American meals, such as burgers and grilled meat, The customers of the restaurant are also thrilled with the extensive variety of differing coffee and tea specialities that the establishment offers.
