If you're craving some spicy South American cuisine, you've come to the right place: exquisite menus, roasted with fish, seafood, and meat, though *corn, beans, and potatoes* are also on the menu, and you can look forward to the scrumptious traditional seafood cuisine. Furthermore, you'll find tasty American menus, like for instance **burgers and grilled meat** on the menu, Also, the drinks menu at this place is exceptional and offers a significant and comprehensive selection of both local and international beers, which are definitely worth a try.
