The bagels are good. Definitely the best your going to get not being in New York. My only complaint is that they never have egg bagels. This is the best bagel. The only reason we don't get bagels here more often is because they never have egg. Such a shame. [read more](#). The rooms in the restaurant are wheelchair accessible and can also be used with a wheelchair or physiological disabilities, and there is complimentary WiFi. What [User](#) doesn't like about Donnie D's Bagels And Deli:

3rd times a charm. Tried to serve me food that someone else returned from their vehicle and claimed they would have thrown it out if it was food that was served already. I watched them try to hand me a bag of food someone else just had outside for at least 3 minutes. So I was meant to eat something they messed up and he touched.

Done trying, good food isn't worth this. Last review I left was laughed at by staff. Incompetence is the word of choice here. The establishment also offers its visitors a catering service, Likewise, the guests of the restaurant prefer the comprehensive selection of various **coffee and tea specialities** that the restaurant provides. Even if you're only a bit hungry, you can still treat yourself to one of the delicious sandwiches, a healthy salad or another snack.
