The *menu of Yogurt City* from Fall River includes **17** meals. On average, **meals or drinks on [the menu](#)** cost about \$8.6. The categories can be viewed on the menu below. What [Oliver Jones](#) likes about Yogurt City: Frozen yogurt is delicious and lots of nice toppings but the price has gotten ridiculous. 17\$ for a large cup of yogurt with barely any toppings is just a little too expensive for my taste even if the yogurt itself is good. I know it's by weight but I remember when I could get the exact same thing for 10\$ now it's almost double, probably won't go back for those prices. [read more](#). You can use the WLAN of the restaurant at no extra cost. The extensive variety of coffee and tea specialties greatly enhances the value of a visit to Yogurt City.
