What [User](#) likes about Lucy's Bbq:

Best (and cutest) little BBQ joint around! ??????????????????The service is always exceptionally friendly and prompt, and the food is delicious. The convenience of pulling up to a stall and staying in my car is much appreciated. I believe there are about 5spaces to accommodate for busier times. Been coming since they opened and it?s only gotten better. We will keep coming back! [read more](#). What [User](#) doesn't like about Lucy's

Bbq:

This place should be on the top 3 in America! No doubt. (we have traveled coast to coast just eating the best BBQ in each state)... Every side dish here tastes homemade. Their brisket is amazing, better than the big guys. By far the nicest peoplecooking and serving...will definitely return! Gave us a coupon for next time which was also super nice! [read more](#). In case you're craving some seasoned South American cuisine, you're in the right place: delightful menus, roasted with *fish, seafood, and meat*, but also **corn, beans, and potatoes** are on the menu, The **barbecued food** is freshly grilled here on an open flame. There are also tasty American dishes, for example, burgers and grilled meat.
